## INSIDE PAGES

Then I noticed something else. WOW! It was a wall of rocks. I went to explore them.

10

Over the wall there was water. It was peaceful watching it splashing on the rocks.

At **Baccaro Point Lighthouse** I saw a foghorn. Foghorns sound very loud so boats can hear the horn out at sea. It lets them know how close they are to the shore. This helps when the weather is bad.

Do you know what a foghorn sounds like? Let's pretend we are a foghorn. Ready? 1,2,3 ... Hooooooooorn!
